

KONICA MINOLTA

bizhub PRO 1050e System 7

The system for existing **finishing environments**

If you want a production printing system that easily integrates into existing perfect-binding, insertion or postage-metering facilities and prints single sheets and reports, this is the solution you need.

➔ Key features

- 105 ppm print performance
- Duplex as standard
- Mixplex and mixmedia functionality for copying and printing
- Highest image quality thanks to polymerised toner Simitri HD®
- 9,000 sheets paper stock
- Up to 300 gsm (from PF-701 middle tray)
- Very easy to operate via 12" colour touch screen monitor
- Toner and paper 'refill on the fly'
- CS Remote Care diagnostics system
- TWAIN scanning
- Up to 5,000 sheets trolley stacker capacity
- Shifted output to trolley stacker
- Separate subtray for up to 200 sheets
